Sculptures at Riche. 29/1-21/3 2019

Sanny was chosen to exhibit at Riche since he has an idea of transforming old church ornaments such as icon-painting into modern art. The vault and the walls of the restaurant gets a more sacred feel. Sanny is a sculptor working in most materials, mainly in stone and concrete. Also wood, terracotta, bronze and weld. He also draws and paints, many of his techniques will be exhibited at Riche.
